2. Upon the execution of such contracts the state treasurer shall deliver a copy thereof to the governor, a copy thereof to the state auditor, a copy thereof to the depositary, shall file another copy with the secretary of state, and shall retain the contract in his own office.

30.260. 1. The state treasurer shall prepare, maintain and adhere to a written investment policy which shall include an asset allocation plan which limits the total amount of state moneys which may be invested in any particular investment authorized by section 15, article IV of the Missouri Constitution. The state treasurer shall present a copy of such policy to the governor, commissioner of administration, state auditor and general assembly at the commencement of each regular session of the general assembly or at any time the written investment policy is amended.

2. The state treasurer shall determine by the exercise of the treasurer's best judgment the amount of state moneys that are not needed for current operating expenses of the state government and shall keep on demand deposit in banking institutions in this state selected by the treasurer and approved by the governor and state auditor the amount of state moneys which the treasurer has so determined are needed for current operating expenses of the state government and disburse the same as authorized by law.

3. Within the parameters of the state treasurer's written investment policy, the state treasurer shall place the state moneys which the treasurer has determined are not needed for current operations of the state government on time deposit drawing interest in banking

institutions in this state selected by the treasurer and approved by the governor and the state auditor, or place them outright or, if applicable, by repurchase agreement in obligations described in section 15, article IV, Constitution of Missouri, as the treasurer in the exercise of the treasurer's best judgment determines to be in the best overall interest of the people of the state of Missouri, giving due consideration to:

(1) The preservation of such state moneys;

(2) **The benefits to the economy and welfare of the people of Missouri when such state money is invested in banking institutions in this state that, in turn, provide additional loans and investments in the Missouri economy and generate state taxes from such initial investments and the loans and investments created by the banking institutions, compared to the removal or withholding from banking institutions in the state of all or some such state moneys and investing same in obligations authorized in section 15, article IV of the Missouri Constitution;**

(3) The liquidity needs of the state;

[(3)] (4) **The [comparative yield] aggregate return in earnings and taxes on the deposits and the investment to be derived therefrom;**

4. Except for state moneys deposited in linked deposits as provided in sections 30.750 to 30.767, the rate of interest payable by all banking institutions on time deposits of state moneys shall be the same as the average rate paid during the week next preceding the week in which the deposit was made for United States of America treasury securities maturing and becoming payable closest to the time of termination of the deposit, as determined by the state treasurer, adjusted to the nearest one-tenth of a percent; except that the rate shall never exceed the maximum rate of interest which by federal law or regulation a bank which is a member of the Federal Reserve System may from time to time pay on a time deposit of the same size and maturity.

5. Within the parameters of the state treasurer's written investment policy, the state treasurer may subscribe for or purchase outright or by repurchase agreement investments of the character described in subsection 3 of this section which the treasurer, in the exercise of the treasurer's best judgment, believes to be the best for investment of state moneys at the

time and in payment therefor may withdraw moneys from any bank account, demand or time, maintained by the treasurer without having any supporting warrant of the commissioner of administration. The state treasurer may bid on subscriptions for such obligations in accordance with the treasurer's best judgment. The state treasurer shall provide for the safekeeping of all such obligations so acquired in the same manner that securities pledged to secure the repayment of state moneys deposited in banking institutions are kept by the treasurer pursuant to law. The state treasurer may hold any such obligation so acquired by the treasurer until its maturity or prior thereto may sell the same outright or by reverse repurchase agreement provided the state's security interest in the underlying security is perfected or temporarily exchange such obligation for cash or other authorized securities of at least equal market value with no maturity more than one year beyond the maturity of any of the traded obligations, for a negotiated fee as the treasurer, in the exercise of the treasurer's best judgment, deems necessary or advisable for the best interest of the people of the state of Missouri in the light of the circumstances at the time prevailing. The state treasurer may pay all costs and expenses reasonably incurred by the treasurer in connection with the subscription, purchase, sale, collection, safekeeping or delivery of all such obligations at any time acquired by the treasurer.

3. The eligible lending institution shall require the eligible student borrower to document that [he] **the student** has applied for and has obtained all need-based student financial aid for which [he] **the student** is eligible prior to application for a reduced rate loan pursuant to this section. In no case shall the combination of all financial aid awarded to any student in any particular enrollment period exceed the total cost of attendance at the institution in which the student is enrolled. 30.758. 1. The state treasurer may accept or reject a linked deposit loan package or any portion thereof.

2. Results of such effort shall be included in the linked deposit review committee's annual report to the governor.

[2.] 3. Upon acceptance of the linked deposit loan package or any portion thereof, the state treasurer may place linked deposits with the eligible lending institution [at up to three percent below current market rates, as determined and calculated by the state treasurer provided the deposit rate is not below two percent] **as follows: when market rates are five percent or above, the state treasurer shall reduce the market rate by up to three percentage points to obtain the linked deposit rate; when market rates are less than five percent, the state treasurer shall reduce the market rate by up to sixty percent to obtain the linked deposit rate, provided that the linked deposit rate is not below one percent. All linked deposit rates are determined and calculated by the state treasurer.** When necessary, the treasurer may place linked deposits prior to acceptance of a linked deposit loan package.

[3.] 4. The eligible lending institution shall enter into a deposit agreement with the state treasurer, which shall include requirements necessary to carry out the purposes of sections 30.750 to [30.765. Such requirements shall reflect the market conditions prevailing in the eligible lending institution's lending area] **30.767.** The deposit agreement shall specify the length of time for which the lending institution will lend funds upon receiving a linked deposit, **and the original deposit plus renewals shall not exceed five years, except as otherwise provided in this chapter.** The agreement shall also include provisions for the linked deposit of a linked deposit for an **eligible facility borrower**, eligible multitenant enterprise, eligible farming operation, small business, eligible marketing enterprise, eligible residential property developer, eligible residential property owner, eligible agribusiness, eligible beginning farmer, eligible livestock operation, eligible student borrower or job enhancement business [to mature within a period not to exceed one year. The linked deposit of a linked deposit for an eligible water supply system shall mature within a period not to exceed three years and the state treasurer may renew such a linked deposit for additional periods of time, each of which shall not exceed three years]. Interest shall be paid at the times determined by the state treasurer.

[4.] 5. The period of time for which such linked deposit is placed with an eligible lending institution shall be neither longer nor shorter than the period of time for which the linked deposit is used to provide loans at reduced interest rates. The agreement shall further provide that the state shall receive market interest rates on any linked deposit or any portion thereof for any period of time for which there is no corresponding linked deposit loan outstanding to an eligible multitenant enterprise, eligible farming operation, eligible small business, eligible job enhancement business, eligible marketing enterprise, eligible residential property developer, eligible residential property owner, eligible agribusiness, eligible beginning farmer, eligible livestock operation, eligible student borrower, **eligible facility borrower**, or eligible water supply system, **except as otherwise provided in this subsection. Such principal payment shall be accelerated when more than thirty percent of the linked deposit loan is repaid within a single monthly period. Any principal received and not repaid, up to the point of the thirty percent or more payment, shall be repaid within thirty days of that payment at the linked deposit rate. Finally, when the linked deposit is tied to a "revolving line of credit agreement" between the banking institution and its borrower, the full amount of the line of credit shall be excluded from the repayment provisions of this subsection.**

30.760. 1. Upon the placement of a linked deposit with an eligible lending institution, such institution is required to lend such funds to each approved eligible multitenant enterprise, eligible farm operation, eligible small business, eligible job enhancement business, eligible marketing enterprise, eligible residential property developer, eligible residential property owner, eligible agribusiness, eligible beginning farmer, eligible livestock operation, eligible student borrower, **eligible facility borrower**, or eligible water supply system listed in the linked deposit loan package required by section 30.756 and in accordance with the deposit agreement required by section 30.758. In addition, the loan agreement shall specify that the eligible multitenant enterprise, eligible farming operation, eligible small business, eligible job enhancement business, eligible marketing enterprise, eligible residential property developer, eligible residential property owner, eligible agribusiness, eligible beginning farmer, eligible livestock operation, eligible student borrower, **eligible facility borrower**, or eligible water supply system shall use the proceeds as required by sections 30.750 to 30.765, and that in the event the loan recipient does not use the proceeds in the manner prescribed by sections 30.750 to 30.765, the remaining proceeds shall be immediately returned to the lending institution and that any proceeds used by the loan recipient shall be repaid to the lending institution as soon as practicable. All records and documents pertaining to the programs established by sections 30.750 to 30.765 shall be segregated by the lending institution for ease of identification and examination. [Annually, by the first day of February, the state treasurer shall report on the linked deposits program for the preceding calendar year to the governor, the speaker of the house of representatives, and the president pro tem of the senate. The report shall set forth the linked deposits made by the state treasurer under the program during the year and shall include information regarding the nature, terms, and amounts of the loans upon which the linked deposits were based. Any delay in payments or default on the part of an eligible multitenant enterprise, eligible farming operation, eligible small business, eligible job enhancement business, eligible marketing enterprise, eligible residential property developer, eligible residential property owner, eligible agribusiness, eligible beginning farmer, eligible livestock operation, eligible student borrower, **eligible facility borrower**, or eligible water supply system does not in any manner affect the deposit agreement between the eligible lending institution and the state treasurer.

30.767. The state treasurer shall not, after December 31, [2007] **2015**, invest in any linked deposit the value of which is to be lent to a recipient other than an eligible water supply system or an eligible student borrower. **The state treasurer shall not, after January 1, 2020, invest in any linked deposit, the value of which is to be lent to any new eligible facility borrower. However, such restriction shall not apply to any extensions of existing loans as provided for in section 30.860.**

30.830. The state treasurer may utilize up to [thirty] **sixty** million dollars of the [one hundred sixty-five] **three hundred thirty** million dollar linked deposit allocation for agriculture set forth in subsection 1 of section 30.753 for linked deposits for eligible guaranteed agribusinesses and eligible guaranteed livestock operations.

30.840. The state treasurer may renew a linked deposit for an eligible guaranteed agribusiness or an eligible guaranteed livestock operation for additional [one-year], **up to five-year**, terms, not to exceed ten years.

**30.860. 1. As used in this section, the following terms mean:**

(1) "Agricultural commodity", any agricultural product that has been produced for purpose of sale or exchange, except for animals whose principal use may be construed as recreational or as a pet;

(b) Control the hiring and firing of management; and

(c) Deliver agricultural commodities or products to the entity for processing, unless processing is required by multiple entities;

(4) "Development facility", a facility producing either a good derived from an agricultural commodity or using a process to produce a good derived from an agricultural product;

(5) "Eligible facility borrower", a development facility or renewal fuel production facility borrower qualified by the authority under this section to apply for a reduced rate loan under sections 30.750 to 30.767;

(6) "Renewable fuel production facility", a facility producing an energy source that is derived from a renewable, domestically grown organic compound capable of powering machinery, including an engine or power plant, and any by-product derived from such energy source.

2. The authority shall accept applications and issue certificates of qualification as an eligible facility borrower to development facilities and renewable fuel production facilities for purposes of applying for reduced rate loans under sections 30.750 to 30.767 to finance new costs or refinance existing debt associated with such facilities. The authority may charge for each certificate of qualification a one-time fee in an amount not to exceed the actual cost of issuance of the certificate.

3. In determining whether a facility will qualify as an eligible facility borrower, the authority shall consider the following factors:

(1) The borrower's ability to repay the loan;

(2) The general economic conditions of the area in which the agricultural property will be or is located;

(3) The prospect of success of the particular project for which the loan is sought; and

(4) Such other factors as the authority may establish by rule.

4. No reduced rate loan made to an eligible facility borrower under sections 30.750 to 30.767 shall:

(1) Exceed seventy million dollars for any single eligible facility borrower;

(4) When a banking institution or an eligible lending institution extends credit under the provisions of this section and provides the lead in underwriting the credit, it may enter into a participation agreement, sell part of the loan to third parties, syndicate the loan, or make other written arrangement with financial intermediaries, provided that at all times any financial intermediary, participant, purchaser, or other party obtaining a legal or equitable interest in the loan otherwise qualifies for linked deposit loans and fully collateralizes those loans as required by this chapter.

5. The state treasurer may contract with other parties as permitted in section 30.286 and consult with the authority to implement this section. However, the state treasurer shall make the final determination on the placement of linked deposits of state funds in banking institutions or eligible lending institutions as permitted by the constitution.

6. The state treasurer shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

7. The provisions of sections 23.250 to 23.298, RSMo, shall not apply to the provisions of this section.

Section 1. 1. There is hereby created in the state treasury the "State Treasurer's General Operations Fund" which shall receive deposits, make disbursements and be administered in compliance with the provisions of this section.

2. Subject to appropriation, moneys in the state treasurer's general operations fund shall be used solely to pay for personal service, equipment and

other expenses of the state treasurer related to the state treasurer's constitutional and statutory responsibilities, exclusive of any personal service, equipment and other expenses attributable to positions wholly dedicated to the functions described in chapter 447, RSMo. The commissioner of administration shall review and approve all requests of the state treasurer of disbursements from the state treasurer's general operations fund for compliance with the provisions of this section. Nothing in this section shall be deemed to prevent the general assembly from making appropriations to the state treasurer from other permissible sources.

3. Notwithstanding any other provisions of law to the contrary, moneys shall be deposited in the state treasurer's general operations fund and administered in accordance with the following provisions:

(1) On a daily basis, the state treasurer shall apportion any interest or other increment derived from the investment of funds in an amount proportionate to the average daily balance of funds in the state treasury. The state treasurer shall use a method in accordance with generally accepted accounting principles in apportioning and distributing that interest or increment. Prior to distributing that interest or increment, the state treasurer shall deduct the costs incurred by the state treasurer in administering this chapter in proportion to the average daily balance of the amounts deposited to each fund in the state treasury. The state treasurer shall then deposit the identified portion of the daily interest receipts in the "State Treasurer's General Operations Fund". All other remaining interest received on the investment of state funds shall be allocated and deposited to funds within the state treasury as required by law.

(2) The total costs for personal service, equipment and other expenses of the state treasurer related to the state treasurer's constitutional and statutory responsibilities, exclusive of any personal service, equipment and other expenses attributable to positions wholly dedicated to the functions described in chapter 447, RSMo, and any banking fees and other banking-related costs, shall not exceed fifteen basis points, or fifteen hundredths of one percent, of the total of the average daily fund balance of funds within the state treasury.

4. Notwithstanding the provisions of section 33.080, RSMo, moneys in the state treasurer's general operations fund shall not lapse to the general revenue fund at the end of the biennium unless and only to the extent to which the amount in the fund exceeds the annual appropriations from the fund for the current fiscal year.

5. The provisions of this section shall not be applicable to the state road fund created in section 226.220, RSMo, the motor fuel tax fund created in section 142.345, RSMo, the state highways and transportation department fund created in

**section 226.200, RSMo, the state transportation fund created in section 226.225, and the state road bond fund created pursuant to article IV, section 30(b), Constitution of Missouri.**

[30.247. Any bank account, included but not limited to the life sciences research trust fund created pursuant to section 196.1100, RSMo, with an average daily balance of ten thousand dollars or more, containing state funds, shall be obtained through an open and competitive bid process.]

Section B. Because of the need to provide consistent funding to the State Treasurer's Office to allow the office's primary functions to proceed in a timely and efficient manner, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.
